Investment Opportunities As of October 7th, 2020

At Warlock Stables, we make it easy to get involved in our exciting sport of thoroughbred horse racing – fractional ownership makes it happen. Over the last couple of years, we have assembled an incredible band of broodmares and most importantly, brought in the most exciting stallion to ever stand in the northwest: **PONTIFF**. He is a son of the hot sire of sires, GIANT'S CAUSEWAY and out of the dam, PREACH, making him a half brother to the mighty PULPIT. His first foals are absolutely, stunning. You will also see that we have been breeding to many nice California and Kentucky stallions to improve the quality of our stock. We also have the incredible stallion, Demon Warlock, sire of 3-year old Washington Champion filly, Alittlestalk, who just completed another championship season as a 4-year old. He is now at 22.5% stakes horses from starters, a phenomenal number.

PONTIFF – Giant's Causeway-Preach

Our current offering will allow you to get involved with next season's 2-year olds, PONTIFF'S first crop, 2020 foals, PONTIFF'S second crop and exceptional broodmares, many in foal to PONTIFF and DEMON WARLOCK. Whether you want upcoming racing action or a longer-term tie to a promising broodmare or weanling, we can help you make it happen. The most intriguing offers now may hinge around incredibly bred mares in foal to PONTIFF and or his first two crops of exceptional foals.

Fractional ownership is the key! You CAN afford to own a piece of a Thoroughbred racehorse

We currently are about forty partners strong in our group. Many own small percentages of multiple horses, allowing them to spread out their investment and have a lot of action! This method helps people realize their dream of owning a thoroughbred racehorse.
